

COVID 19 REMINDER

Although the clinic is now accepting patients for care, restrictions are still in place to ensure the safety of our team members and our clients. We are currently offering curbside service only with no client access to our building. Please stay in your vehicle when you arrive and contact us at 250-562-5556 (press 4) and a team member will provide further instructions.

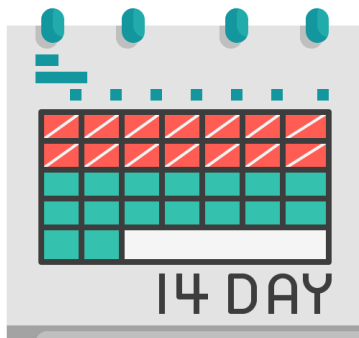

Please notify a staff member immediately if any of the following apply:

You have any symptoms of respiratory illness, including fever, sore throat, coughing and difficulty breathing

You have tested COVID19 positive or have been in close contact with someone who has tested positive or is suspected of having COVID19

You are in self-isolation or quarantine due to illness, recent travel, or due to recommendations from public health officials or your health care provider

You are immunocompromised or otherwise high risk and require additional precautions for your appointment
