

**General Health Questions**

Please check if your pet has had any of the following in the past **SEVEN DAYS**:

- |  |                                       |   |
|--|---------------------------------------|---|
| <input type="checkbox"/> Diarrhea/Abnormal Poop    | <input type="checkbox"/> Not Eating   | <input type="checkbox"/> Coughing/Sneezing/Wheezing   |
| <input type="checkbox"/> Abnormal Peeing           | <input type="checkbox"/> Not Drinking | <input type="checkbox"/> Green, Yellow or Bloody Discharge<br>(from eyes, nose, or genitalia) |
| <input type="checkbox"/> Depressed or Overly Tired | <input type="checkbox"/> Vomiting     |   |

Is your pet on any medications (including over-the-counter, prescription, natural products)  **YES** or  **No** \_\_\_\_\_

Do you have any other health concerns about your pet?  **Yes** or  **No** \_\_\_\_\_

**Owner Consent**

*I certify that I am 19+ years of age, I am the owner/guardian/caretaker of the pet described above, and I have the authority to provide this consent. I authorize the clinic veterinarian(s) and staff to administer anesthetic and perform surgery on my pet. I understand my pet will be spayed or neutered, and will receive a microchip and registration for participation in the BC Pet Registry Program. I authorize the entry of my personal information into the Registry, and understand that this information will only be used for the purposes of reuniting lost pets with their owners. In addition to the procedures mentioned above, I authorize the following:*

**Vaccination - \$40 extra and up** – Routine vaccination is recommended for all pets. If your pet is not up to date, we can vaccinate while he or she is here for surgery. Boosters may be required.  **YES** or  **No**

**Lifetime Microchip Registration - \$33 extra** – A microchip and 1-year membership in the BC Pet Registry is included with your pet’s surgery. If you choose this upgrade, your pet’s microchip will be registered for life, with no need to renew. The BC Pet Registry is available online 24/7 to help reunite lost pets with their owners.  **Yes** or  **No**

**IV Fluids - \$25 extra** – If you choose this option, IV fluids will be given throughout your pet’s surgery. In young, healthy animals it is not required, but it is recommended because it provides your pet with extra support and helps maintain hydration.  **Yes** or  **No**

**De-Wormer - \$28 extra for cats or \$22-54 extra for dogs** – If you choose this option, we will send your pet home with a dose of broad spectrum de-wormer that you can give after recovery. Routine de-worming is recommended a minimum of once a year.  **Yes** or  **No**

**Donation - As a non-profit organization, the BCSPCA depends heavily on donations to continue our life-saving work. If you would like to support the clinic with a donation, please select the amount below and it will be added to your bill. Thank you!**

- \$1       \$2       \$5       \$10       \$20       Other \$

*I understand that even in healthy animals, all anesthetic and surgical procedures carry some risk of complications, and I accept these risks. If my pet’s vaccination status is not up to date based on current guidelines, I understand that he/she may be at risk of contagious disease, and I take full responsibility for this risk. I agree to assume financial responsibility for all charges incurred during my pet’s care, including emergency treatment if necessary, and I understand that there will be an extra charge if my pet is found to be in heat, pregnant, or excessively overweight.*
